PROXY STATEMENT

Annual Meeting of Stockholders
to be held on May 2, 2003

INTRODUCTION

General

This proxy statement is being furnished to the stockholders of VSE Corporation, a Delaware corporation ("VSE"), in connection with the solicitation of proxies by VSE's board of directors (the "Board") for use at VSE's annual meeting of stockholders to be held on Friday, May 2, 2003, commencing at 10:00 a.m., Washington, D.C. time, at the VSE Corporation Building, 2550 Huntington Avenue, Alexandria, Virginia 22303-1499, and at any adjournments thereof for the purposes specified in the accompanying notice of meeting (the "Meeting").

The mailing address of VSE's principal executive office is 2550 Huntington Avenue, Alexandria, Virginia 22303-1499. VSE's telephone number is (703) 960-4600. This proxy statement and the accompanying notice and form of proxy are first being provided to the holders of VSE common stock, par value \$.05 per share (the "stockholders"), on or about April 2, 2003.

The close of business on March 18, 2003, is the record date for the determination of stockholders entitled to notice of, and to vote at, the Meeting. Holders of a majority of VSE's outstanding common stock, par value \$.05 per share (the "Stock" or "VSE Stock"), as of March 18, 2003, must be present at the Meeting, either in person or represented by proxy, to constitute a quorum for the transaction of business. As of the close of business on March 18, 2003, there were 2,188,635 shares of Stock outstanding and approximately 295 stockholders of record. Each stockholder is entitled to one vote for each share of Stock held of record as of the close of business on March 18, 2003, on all matters which may be submitted to the stockholders at the Meeting.

Voting and Revocation of Proxies

All Stock represented by valid proxies will be voted at the Meeting in accordance with the directions on the proxies. If no direction is indicated on a proxy, the Stock represented thereby will be voted for the

election as VSE directors of the seven nominees listed below under "Election of Directors" as discussed below.

Votes cast by proxy or in person at the Meeting will be tabulated by the inspectors of election appointed for the Meeting. The inspectors of election will treat abstentions as Stock that is present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to stockholders for a vote. If a broker indicates on a proxy that such broker does not have discretionary authority as to certain Stock to vote on a particular matter, such shares will not be considered as present and entitled to vote with respect to such matter.

As of the date of this proxy statement, the Board does not intend to present, and has not been informed that any other person intends to present, any matter for action at the Meeting other than those specifically referred to herein. If, however, any other matters are properly presented to

-1-

the Meeting for action, the proxy holders will vote the proxies, which confer authority on such holders to vote on such matters, in accordance with their best judgment. The persons named as attorneys-in-fact in the proxies are VSE officers.

A stockholder returning a proxy to VSE may revoke it at any time before it is exercised by granting a later proxy with respect to the same Stock or by communicating such revocation in writing to VSE's secretary. In addition, any stockholder who has executed a proxy but attends the Meeting may cancel a previously given proxy by voting in person whether or not the proxy has been revoked in writing.

Such officers, directors and stockholders are required by SEC regulations to furnish VSE with copies of all such reports that they file. Based solely on a review of copies of reports filed with the SEC and written representations by certain officers and directors, VSE believes that all persons subject to the reporting requirements of Section 16(a) filed the reports on a timely basis.

Committees of the Board

Audit Committee. The audit committee met five times during 2002 and is composed solely of non-employee directors, including Mr. Koonce, who chairs the committee, Mr. Kendall, General Ross, and Ms. Wachtel. The audit committee is primarily concerned with the effectiveness of VSE accounting policies and practices, financial reporting and internal controls. The committee recommends to the Board the firm to be appointed as VSE's independent certified public accountants and reviews the scope of the annual examination of VSE's books and records. The committee also reviews the audit findings and recommendations of the independent public accountants, considers the organization and work of VSE's internal audit function, and monitors the extent to which the findings and recommendations of these groups have been implemented.

Compensation Committee. The compensation committee met four times during 2002 and is composed solely of non-employee directors, including General Ross, Chairman, Mr. Kendall, Mr. Koonce and Ms. Wachtel. The committee is primarily concerned with corporate compensation policies, including incentive compensation, and with the compensation of the chief executive officer and certain other executive officers and employees.

Nominating and Corporate Ethics Committee. The nominating and corporate ethics committee met twice during 2002 and consists of Admiral Kelly, Chairman, and Mr. Osnos. The committee is primarily concerned with making recommendations to the Board with respect to nominees to be proposed for election as directors and with corporate policies regarding, among other things, business conduct, securities trading, indemnification of VSE officers and directors, and conflicts of interest involving VSE officers, directors, and employees. Stockholders of VSE may recommend persons to be nominated for election as directors of VSE at the annual meeting of stockholders. To be considered, such recommendation must be

submitted in accordance with VSE's by-laws and must be received in writing by the secretary of VSE generally by February 15th, but in any event no later than 90 days before the date in the current year which corresponds to the date on which the meeting was held during the immediate prior year.

Planning Committee. The planning committee did not meet during 2002. The committee consists of Mr. Ervine, Chairman, Admiral Kelly, Mr. Koonce and General Ross. The committee is primarily concerned with making recommendations to the Board with respect to business development opportunities, including acquisitions.

Finance Committee. The finance committee met three times during 2002. The committee consists of Mr. Osnos, Chairman, Mr. Ervine, Mr. Koonce and Ms. Wachtel. The committee is primarily concerned with making recommendations to the Board with respect to VSE's capitalization and long-term funding requirements.

VSE's Chairman and Chief Executive Officer (Mr. Ervine) is an ex officio member of all standing committees of the Board. Mr. Ervine does not, however, participate in meetings or discussions of the compensation committee concerned with establishing his salary or bonus.

Board Meetings

During 2002 the Board held six regular meetings and acted four times by unanimous written consent. No director attended fewer than 75% of the aggregate of (a) the total number of Board regular and special meetings held (during the period during which he or she has been a director) and (b) the total number of meetings held by all Board committees on which he or she served.

-5-

Compensation of Directors

Each non-employee director is compensated at an annual rate of \$17,200, prorated in the event of a partial year of service. Directors who are employees of VSE receive no additional compensation for service as a director. In addition, no compensation is paid to a director for personal services rendered to VSE pursuant to a consulting services agreement between the director and VSE, or any of VSE's subsidiaries unless authorized as a special assignment by the Board. No such authorization was requested for or on behalf of any director in 2002. The foregoing procedures do not restrict reimbursement for expenses incurred by a director for attending meetings of the Board or its authorized committees.

Each non-employee director, including each of the non-employee directors named in the foregoing table, is granted, as of January 1 each year, a nondiscretionary five-year option to purchase 750 shares of VSE Stock (750 shares represents the maximum number of shares which may be covered by options issued annually to each non-employee director pursuant to either or both of the VSE Corporation 1996 and 1998 Stock Option Plans). Each option is vested 25% immediately on the date of the grant and 25% on each successive anniversary date after the grant (100% vested after three years). The option price per share for each nondiscretionary grant is not less than the fair market value of VSE Stock as of the date the option is awarded. See "Security Ownership of Certain Beneficial Owners and Management" above for further information on the stock options held by each VSE director.

Pursuant to the VSE Corporation 1998 Non-employee Directors Stock Plan (the "Directors Stock Plan"), each non-employee director has the ability to elect that payment of all or a portion of his or her annual compensation for service as a VSE director (currently \$17,200 per year) be paid in VSE Stock at fair market value determined in accordance with Section 7(a) of the Directors Stock Plan. For 2002, Mr. Kendall, Mr. Koonce and General Ross elected to have sixty, sixty, and fifty percent, respectively, of their annual compensation paid in VSE Stock.

Certain Relationships and Related Transactions

Pursuant to an agreement dated as of October 21, 1998, Donald M. Ervine serves as the Chief Executive Officer of VSE at a base salary of \$254,000 per annum. Mr. Ervine is employed for a term ending on January 1, 2004, subject to automatic extensions for successive one-year periods unless notice to terminate is given by Mr. Ervine at least 90 days prior to the expiration of the term or any such one-year extension of the term. Mr. Ervine's base salary is subject to review in January of each year, provided that the base salary shall not be less than \$254,000 per annum. Mr. Ervine is also eligible to receive an annual performance bonus each year as determined by the Board or its compensation committee. Mr. Ervine's employment may be terminated by the Board for willful and gross misconduct and in the case of death or disability which prevents Mr. Ervine from substantially fulfilling his duties for a period in excess of six months. If Mr. Ervine's employment is terminated because of death or illness or disability, he or his beneficiary, as the case may be, will be paid his annual base salary then in effect for one full year from the date of death or disability. Mr. Ervine's employment may also be terminated without cause on 60 days prior notice and on payment of a lump sum severance compensation payment equal to two times his annual base salary then in effect. The agreement includes a covenant by Mr. Ervine not to be involved, directly or indirectly, in a business enterprise that competes with VSE during the term of his employment and for two years thereafter. Under the terms of the agreement, Mr. Ervine will be nominated to serve as a director and will be elected Chairman of the Board during the term of his employment. If a change of control of VSE, as defined, occurs and, without his consent, Mr. Ervine is assigned duties materially inconsistent with his position and status with VSE, Mr. Ervine may terminate the agreement and will be entitled to a lump sum severance compensation payment equal to three times his annual base salary then in effect.

-6-

The October 21, 1998, agreement described above replaced and superseded on substantially the same terms and conditions a prior employment agreement with Mr. Ervine dated as of January 1, 1996.

Pursuant to an agreement dated as of January 15, 1999, Admiral Robert J. Kelly, U.S. Navy (Ret.), serves as President and Chief Operating Officer of Energetics Incorporated ("Energetics"), a wholly owned subsidiary of VSE. Admiral Kelly is employed for a term ending on January 1, 2004, subject to automatic extensions for successive one-year periods unless notice to terminate is given by either Admiral Kelly or VSE at least 90 days prior to the expiration of the term or any such one-year extension of the term. Other terms and conditions of Admiral Kelly's agreement are substantially similar to those of Mr. Ervine's 1998 agreement except that (a) Admiral Kelly is employed at a minimum base salary of \$166,000 per annum, and (b) Admiral Kelly will be nominated to serve as a director of VSE and a director of Energetics during the term of the agreement.

Pursuant to separate agreements entered into in December 1997 and expiring on January 1, 2004, subject to automatic extensions for successive one-year periods unless notice to terminate is given at least 90 days prior to the expiration of the term or any such one-year extension of the term, Mr. Knowlton and Mr. Weber each have agreements with VSE to continue to serve in the executive officer's current or in a comparable capacity. The terms and conditions the executive officer agreements are similar to those of Mr. Ervine's agreement except that (a) each of the executive officers is employed at a minimum base salary equal to the executive officer's annual base salary in effect on the date the agreement was signed, subject to annual and special reviews, (b) each of the executive officers will be reappointed to serve in the executive officer's current or comparable capacity, (c) in the event of termination without cause, each executive officer's lump sum severance compensation payment shall equal his or her annual base salary then in effect, and (d) in the event of a change of control of VSE, as defined, each executive officer may terminate the agreement and will be entitled to a lump sum severance compensation payment equal to two times his or her annual base salary then in effect.

There is no family relationship between any director or executive officer of VSE and any other director or executive officer of VSE.

The law firm of Arent Fox Kintner Plotkin & Kahn, PLLC, of which Mr. Osnos is of counsel, has represented and is expected to continue to represent VSE on various legal matters.

VSE and the trustees of its employee benefit plans effect certain of their transactions in VSE stock and employee benefit plan investments, respectively, through Wachtel & Co., Inc., of which Ms. Wachtel is a director, officer and shareholder, and through Koonce Securities, Inc., which is wholly owned by Mr. Koonce. No transactions occurred with Koonce Securities, Inc. in 2002.

The Board recommends a vote FOR the proposal to elect each of the seven persons nominated to serve as a director of VSE for the ensuing year, and your proxy will be so voted unless you specify otherwise.

Item No. 2

APPOINTMENT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Based on the recommendation of its audit committee, the Board has appointed the firm of Ernst & Young LLP to be VSE's independent certified public accountants for the year ending December 31, 2003, and recommends to stockholders that they vote for ratification of that appointment. Although not required to do so, the Board has determined that it would be desirable to request approval of this appointment by stockholders. The ratification of the appointment of VSE's independent certified public accountants will require the affirmative vote by the holders of a majority of the outstanding Stock present in person or represented by proxy at the Meeting. If such approval is not received, the Board will reconsider the appointment.

Arthur Andersen LLP served as VSE's independent certified public accountants for the first three months of 2002. On May 15, 2002, on the recommendation of its audit committee, the Board dismissed Arthur Andersen LLP as VSE's independent public accountants and approved the selection of Ernst & Young LLP to serve as VSE's independent public accountants for the fiscal year ended December 31, 2002. In 2002 Arthur Andersen LLP services included reviews of the consolidated financial statements included in VSE's Form 10-Q for the quarter ended March 31, 2002. Arthur Andersen LLP billed VSE for professional services rendered for the quarter ended March 31, 2002, as follows:

Audit fees	\$ 13,100 (1)
Financial information systems design and implementation . .	\$ -0-
All other fees	\$ -0-

(1) Includes fees for reviews of consolidated financial statements included in VSE's Form 10-Q for the quarter ended March 31, 2002.

In 2002 Ernst & Young LLP services included an examination of VSE's consolidated financial statements and the financial statements of certain subsidiaries and benefit plans and reviews of the consolidated financial statements included in VSE's Forms 10-Q for each of the quarters ended June 30, 2002, and September 30, 2002.

Ernst & Young LLP billed VSE for professional services rendered for the year ended December 31, 2002, as follows:

All other fees	\$ 15,000 (2)

(2) Includes employee benefit plan audits and other non-audit services.

A representative of Ernst & Young LLP is expected to attend the Meeting, will have an opportunity to make a statement, if he or she

desires to do so, and will be available to respond to appropriate questions.

-8-

The Board recommends a vote FOR the proposal to ratify the appointment of Ernst & Young LLP to serve as VSE's independent certified public accountants for the fiscal year ending December 31, 2003, and your proxy will be so voted unless you specify otherwise.

Item No. 3

APPROVAL OF AMENDMENT TO VSE CORPORATION 1998 STOCK OPTION PLAN

The stockholders are asked to consider and vote on an amendment to the VSE Corporation 1998 Stock Option Plan (the "1998 Plan") to increase by 75,500 shares the VSE Stock authorized for issuance thereunder.

In December 1997 the Board adopted, and in May 1998 the stockholders approved, the 1998 Plan. Under the 1998 Plan 343,750 shares of VSE Stock were reserved for issuance pursuant to the exercise of stock options granted thereunder. On March 13, 2003, the Board adopted an amendment to the 1998 Plan, subject to stockholder approval at the Meeting, to increase by 75,500 shares the VSE Stock authorized for issuance thereunder. If the amendment is approved by the stockholders, the aggregate number of shares of VSE Stock which will be authorized for issuance under the 1998 Plan will increase by 75,500 shares from 343,750 to 419,250. As of the record date, 341,250 shares of VSE Stock were covered by outstanding options granted under the 1998 Plan and 2,500 shares of VSE Stock remained available under the 1998 Plan for the future grant of options.

Approval of the amendment to the 1998 Plan will require the affirmative vote by the holders of a majority of the outstanding Stock present in person or represented by proxy at the Meeting. If such approval is not received, the Board will reconsider the amendment to the 1998 Plan. The following summary of the 1998 Plan, as amended, is qualified in its entirety by reference to the complete text of the 1998 Plan. Except for the number of shares of VSE Stock issuable thereunder, the 1998 Plan and the 1998 Plan, as amended by the proposed amendment, are in all respects identical.

VSE anticipates that, following stockholders' approval of the amendment to increase the number of shares available for issuance under the 1998 Plan, VSE will from time to time grant awards to eligible executive officers and key employees as part of VSE's overall compensation strategy. Under the 1998 Plan, each non-employee director will receive a total of 750 stock options on January 1 of each year. VSE has not, however, made any specific determinations regarding the executive officers and key employees eligible to receive awards, the size of the awards or the term of the awards.

Under the 1998 Plan, as amended, an aggregate of up to 419,250 shares of Stock (representing approximately 19.2% of the currently outstanding Stock) may be purchased pursuant to the grant of options. Of the 75,500-share increase, 7,625 shares will be reserved for nondiscretionary options issued to non-employee directors of VSE and the remaining 67,875 shares will be reserved for discretionary options issued to executive officers and key employees. Of the aggregate of 419,250 shares of Stock issuable under the 1998 Plan, as amended, 23,250 shares are reserved for non-discretionary options issued to non-employee directors of VSE and 396,000 shares are reserved for discretionary options issued to executive directors and key employees. Options under the 1998 Plan are not intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended. (See "Federal Income Tax

-9-

Consequences" below.) The 1998 Plan will terminate on the earliest of May 6, 2008, or the date on which all options under the 1998 Plan have been exercised or terminated.

The purpose of the 1998 Plan is to make awards to non-employee directors, executive officers and key employees of VSE and its subsidiaries, and thereby to further VSE's growth by providing long-term incentives and an identity of interests with the stockholders. VSE operates in a highly specialized field in which success is substantially dependent on the expertise of qualified and highly motivated key personnel. Management believes that adoption of the amendment to the 1998 Plan will be of material assistance in recruiting, motivating and retaining key personnel.

Currently VSE has five non-employee directors, six executive officers and approximately 25 other key employees.

The Board is authorized, subject to the provisions of the 1998 Plan, to construe and interpret the 1998 Plan, and to make all determinations necessary or advisable for the administration of the 1998 Plan. The Board may designate persons other than Board members to carry out its responsibilities under the 1998 Plan, under such conditions and limitations as it may prescribe, except that the Board may not delegate its authority with respect to the grant of options under the 1998 Plan. The portion of the 1998 Plan which relates to the grant of options will be administered by the Board, provided that a majority of the Board and a majority of the members acting on the matter are non-employee directors. Alternatively, if the Board shall not satisfy the foregoing provisions, or if the Board shall otherwise so specify, the portion of the 1998 Plan which relates to the grant of options shall be administered by a committee of at least three directors, all of whom must be non-employee directors. In administering the 1998 Plan, the Board may (but is not required to) consider the recommendations of its compensation committee.

Under the 1998 Plan, the option price per share shall not be less than the fair market value of the Stock as of the date each option is granted. The fair market value of the Stock, as defined in the 1998 Plan, means on any given date the average closing price of the Stock as reported on the consolidated transaction reporting system for the National Association of Securities Dealers for such of the 30 calendar days prior to the date of the award during which trades of the Stock occurred. The closing price of the Stock on March 17, 2003, was \$9.75 per share.

Options will be exercisable over the exercise period specified by the Board, but in no event will such period exceed five years from the date of grant. Options will terminate three months following voluntary termination of employment. If the participant dies while an employee, vested options may be exercised within one year after the participant's death (but not after the option termination date). If the participant retires, vested options may be exercised within three years after the retirement date (but not after the option termination date). If the participant's employment is terminated for disability or due to a lay off by VSE, vested options may be exercised within one year after termination (but not after the option termination date). Also, if a participant's employment is terminated for cause (as defined in the 1998 Plan), all of his or her options will terminate on the date of such termination for cause.

The option price shall be paid in full at the time of exercise in cash or, with the Board's approval, Stock held by the participant for at least six months having an aggregate fair market value equal to the aggregate option price of the options exercised or in a combination of cash and Stock.

Each option granted under the 1998 Plan will vest 25% immediately on the date of the grant and 25% on each successive anniversary date after the date of the grant (100% vested after

three years). In the event of a "change-of-control" of VSE (as defined in the 1998 Plan), all options granted under the 1998 Plan which have not terminated and are held by participants will become immediately vested and may be exercised without regard to any vesting period.

Federal Income Tax Consequences

The following is a brief summary of certain federal income tax consequences relating to options granted under the 1998 Plan. This summary is solely for general information and does not make specific representations to any participant. Therefore, each participant is urged to consult with his or her own tax adviser regarding the exercise of options and the sale of Stock acquired under the 1998 Plan regarding federal, state and local tax consequences.

The grant of stock options will have no immediate tax consequences to VSE or the optionee. If Stock received on the exercise of an option is not subject to a substantial risk of forfeiture, the optionee will recognize ordinary income equal to the excess, if any, of the fair market value of the shares at the time of exercise over the exercise price. It is not contemplated that VSE will, upon the exercise of an option, issue or deliver Stock that is subject to a substantial risk of forfeiture.

Stock received on the exercise of an option will be treated as subject to a substantial risk of forfeiture for up to a six month period if the sale of the shares at a profit during such six months could subject the optionee to suit under Section 16(b) of the Securities Exchange Act of 1934, as amended ("Section 16(b)"). Under these circumstances, however, the optionee has a right to elect, within a 30-day period from the date of exercise of the option, to include in his or her taxable income for the taxable year of exercise an amount equal to the excess of the fair market value of such shares at the time of the exercise over the exercise price. If the optionee does not make the preceding election, the optionee will recognize ordinary income upon the expiration of the above-referenced six month period. The amount of such income will be equal to the excess of the fair market value of the shares at that time over the exercise price, and the holding period for determining whether any capital gain or loss on the subsequent sale or exchange of the shares is long-term or short-term capital gain or loss will commence at that time.

Where ordinary income is recognized by an optionee as described above in connection with shares received on the exercise of an option, VSE will be entitled to a deduction in the amount of ordinary income so recognized by the optionee, provided appropriate tax withholding procedures are implemented or VSE otherwise establishes that the optionee has reported the income on his or her tax return. The 1998 Plan requires the employee to pay or make arrangements acceptable to the Board regarding withholding taxes due upon exercise of an option. With the Board's approval, the optionee may make such payments in whole or in part by surrendering Stock.

AUDIT COMMITTEE REPORT

The Audit Committee (the "Committee") of the Board is composed of four non-employee directors, each of whom is considered "independent" pursuant to the Nasdaq Stock Market listing standards. The Committee's responsibilities are set forth in its Charter, the latest revision of which was filed as Appendix A to VSE's Proxy Statement dated April 2, 2001. The Board and the Audit Committee believe that the Audit Committee members are and were at the time of the actions described in this report "independent" as independence is defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards.

The Committee has reviewed and discussed with management VSE's audited consolidated financial statements as of and for the year ended December 31, 2002, and has discussed with VSE's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, issued by the

Auditing Standards Board of the American Institute of Certified Public Accountants.

The Committee has received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with

-13-

Audit Committees, as amended, issued by the Independence Standards Board, and has discussed with the auditors the auditors' independence and considered whether the provision of non-audit services by the auditors is compatible with maintaining their independence.

Based on the foregoing reviews and discussions, the Committee recommended to the Board that the consolidated financial statements referred to above be included in VSE's Annual Report on Form 10-K for the year ended December 31, 2002.

Audit Committee: Calvin S. Koonce (Chair), Clifford M. Kendall, Jimmy D. Ross, and Bonnie K. Wachtel

COMPENSATION COMMITTEE REPORT

The Board has established a compensation committee to (a) review corporate compensation policies, including incentive compensation, (b) set the compensation of the chief executive officer (the "CEO"), and (c) review the compensation of certain other executive officers and employees. The committee is composed entirely of non-employee directors (see "Committees of the Board" above).

Compensation Philosophy

VSE's overall compensation philosophy is based on aligning employee compensation with industry standards and with financial performance objectives established by the Board. Under the committee's supervision, VSE has established compensation policies designed to attract and retain qualified executive and corporate officers and link total executive compensation to corporate goals. The key elements of VSE executive compensation are base salary, a performance bonus, and a long-term incentive plan.

Base Salary

The base salaries for executive officers and other corporate officers are established primarily on comparability to the range of compensation paid by companies of similar size and industry, as determined by commercially available wage and salary surveys. Size is determined primarily by reference to annual revenues and number of employees. VSE's industry group is engineering and technical services (formerly SIC Code 8711). National and geographic differences in compensation are considered based on the executive's primary area of operations and responsibility. VSE targets a salary range generally between the 25th and the 50th percentile indicated by such surveys.

Performance Bonus

During 2002 the committee approved a performance bonus plan based on achieving specified levels of pretax income for each business unit or operating group (for operations employees) and for the consolidated company as a whole (for staff employees). The performance bonus plan for VSE's top executives (CEO/COO, CAO, and CFO) is based on achieving a specified return on equity. During 2001 and 2000, the performance bonus plan was based on achieving corporate and business unit goals, weighted approximately as follows: 20% on achieving corporate revenue and profit targets and 80% on achieving specified performance objectives within the business unit, such as revenue and profit targets, proposals submitted and won, new business development, and budget, cost, and total quality management.

-14-

Long-term Compensation

During 1998 the Board recommended and the stockholders approved the adoption of the VSE Corporation 1998 Stock Option Plan (the "1998 Plan"), which replaced a substantially similar 1996 Plan. Under the 1998 Plan, an aggregate of 343,750 shares of VSE stock may be purchased pursuant to the grant of options. As of the record date, none of the shares covered by the 1998 Plan remained available for future nondiscretionary grants to non-employee directors of VSE, and approximately 2,500 of the shares remained available for future discretionary grants to executive officers and key employees. If, however, the above discussed amendment to the 1998 Plan is approved by stockholders, options to purchase an additional 75,250 shares of Stock may be granted thereunder.

The purpose of the 1998 Plan is to provide non-employee directors, executive officers, and key personnel with long-term performance incentives and an identity of interests with the stockholders. VSE operates in a highly specialized field in which success is substantially dependent on the expertise of qualified and highly motivated key personnel. Management believes that the Plans have been of material assistance in recruiting, motivating, and retaining key personnel.

Discretionary stock options granted under the Plans are approved by VSE's compensation committee after considering recommendations submitted by management based on the perceived long-term contribution of key personnel. The compensation committee independently determines in executive session the number of stock options to be awarded to the CEO. Awards of discretionary stock option grants approved by the compensation committee are subject to ratification by the Board.

All Other Compensation

All VSE officers are entitled to participate in company fringe benefit programs, including the VSE Employee ESOP/401(k) Plan, which is an IRS qualified plan available to all eligible employees. Effective April 1, 1999, employer contributions to the ESOP portion of the plan were discontinued and replaced by employer contributions to the 401(k) portion of the plan based on employee 401(k) deferrals. The employer 401(k) contribution is equal to 50% of the first 6% (5% in 2001 and 2000) of employee pay deferred into the employee's 401(k) account. Amounts contributed to the VSE ESOP/401(k) plan on behalf of the named executive officers are included in the "Summary Compensation Table."

VSE has a non-qualified Deferred Supplemental Compensation Plan (the "DSC Plan") for all VSE officers. The DSC Plan provides, at the Board's discretion, for an annual bonus pool not to exceed 12% of VSE's consolidated net income for the year. The annual bonus pool is allocated to the participant accounts of corporate officers in proportion to the ratio of the officer's performance bonus for the year (see "Performance Bonus" above) to total officer performance bonuses for the year. Pursuant to the DSC Plan, a bonus pool of approximately \$60,000 was authorized for 2002. Benefits under the DSC Plan and predecessor DCU Plan are payable to the participant on retirement or resignation, subject to a vesting schedule, non-competition agreement, and other plan provisions, or in the event of a change of control of VSE. Amounts contributed to the DSC Plan on behalf of the named executive officers are included in the Summary Compensation Table.

Chief Executive Officer Compensation

During each of 2002, 2001 and 2000, Mr. Ervine, VSE's chairman and chief executive officer ("CEO"), was compensated in accordance with an employment agreement negotiated and

approved by VSE's compensation committee in 1998. Pursuant to the agreement, Mr. Ervine served as Chief Executive Officer of VSE and was paid a base salary of \$254,000 during 2002, 2001, and 2000. As of February 15, 2002, Mr. Ervine assumed additional duties as President and Chief Operating Officer of the Corporation. The agreement with Mr. Ervine extends through January 1, 2004, and is subject thereafter

to automatic extensions for successive one-year periods unless notice to terminate is given by Mr. Ervine at least 90 days prior to the expiration of the term or any such one-year extension of the term. The agreement provides for a minimum base salary of \$254,000, with other terms and conditions substantially similar to a predecessor January 1, 1996, employment agreement (see "Certain Relationships and Related Transactions" above for a description of the current employment agreement).

The CEO's performance bonus for 2002 was determined on the basis of achieving consolidated pretax income for 2002 in excess of a 9% return on equity. During 2001 and 2000, the CEO's performance bonus was determined by the committee on the basis of five factors of approximately equal weight: revenue growth, return on equity, return on sales, leadership, and long-term stockholder goals. The first three factors were measured based on interim consolidated financial statements or management reports which were subject to adjustment based on annual audited financial statements. The last two factors were subjective measures evaluated by the committee in executive session. For 2002 VSE did not achieve the level of net income and return on equity targeted for the year, and the compensation committee recommended a \$-0- bonus for the year. Effective January 1, 2003, the compensation committee increased the CEO's base salary to \$264,000.

Pursuant to the 1998 Plan, the committee recommended that the CEO be awarded a discretionary stock option covering 12,000 shares of VSE Stock, effective January 1, 2003.
