Plan Administrator
VSE Corporation Employee ESOP/401(k) Plan

We have audited the accompanying statement of net assets available for benefits of VSE Corporation Employee ESOP/401(k) Plan as of December 31, 2007 and 2006 and the related statement of changes in net assets available for benefits for the year ended, December 31, 2007. These financial statements and supplemental schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based upon our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in its net assets available for benefits for the year ended, December 31, 2007 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 10, effective January 1, 2008 the Board of Directors of VSE Corporation terminated the ESOP component of the Plan.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of the year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

VSE Corporation Employee ESOP/401(k) Plan

Notes to Financial Statements

December 31, 2007 and 2006

1. Description of the Plan

General Description

The VSE Corporation Employee ESOP/401(k) Plan (the Plan) was adopted by the Board of Directors of VSE Corporation (the Company or Plan Sponsor) in 1984. The Plan is a defined contribution plan with an Employee Stock Ownership Plan (ESOP) component covering all full-time and part-time employees of the Company and a 401(k) component covering all full-time and part-time employees of the Company and its wholly owned subsidiaries. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as

amended. The above description of the Plan provides only general information. Participants should refer to Plan documents for a more complete description of Plan provisions.

Effective January 1, 2007, the Plan was amended to incorporate the Safe Harbor method of meeting nondiscrimination requirements of the Internal Revenue Code. As of the effective date, all matching contributions made pursuant to the IRC shall be fully vested. Pursuant to the Plan, matching contributions shall not be eligible for hardship distributions, but shall be available for loans. Matching contributions made on behalf of a participant shall be invested based on the investments selected by such participant.

Plan Administration

Certain officers or employees of the Company serve as Trustees of the Plan (Plan Trustees). Merrill Lynch serves as the third party plan administrator. Merrill Lynch provides an open architecture of fund investments and provides daily recordkeeping services for the Plan. The ESOP portion of the Plan is administered in-house by the Company.

Eligibility

An eligible employee, as defined in the Plan document, becomes eligible to participate in the Plan on the first day of the month following the date of hire. If the eligible employee's first day of employment falls on the first calendar day of the month (or on the first regular working day of the month), the eligible employee will immediately be eligible to participate in the Plan.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

Each participant who has had VSE Corporation Common Stock (par value \$.05 per share) (VSE Stock) allocated to his or her participant Payroll-Based Stock Ownership Plan (PAYSOP) or ESOP account is entitled to exercise voting rights attributable to such VSE Stock and is provided with proxy soliciting material by the Plan Administrator prior to the time that such rights are to be exercised. If participants fail to exercise their VSE Stock voting rights, the Plan Trustees vote the stock. The Plan Trustees also vote all of the VSE Stock held by the Plan's VSE Stock Fund as well as all unallocated VSE Stock held by the Plan. No contributions have been made to the PAYSOP since 1986, and no contributions have been made to the ESOP since March 31, 1999.

The Company's matching contribution is discretionary. Effective January 1, 2007, the Company contributes \$1 for each dollar of salary that a Company employee participant contributes on the first 3% of salary plus 50 cents for each dollar of the next 2% of salary. In 2006, the Company contributed 50 cents for each dollar of salary that a Company employee participant contributed on the first 6% of salary. The Company makes a cash contribution for the match, and the cash contribution is allocated to each eligible participant's account on a pay period (semi-monthly) basis.

Effective January 1, 2007, any safe harbor contribution will be 100% vested immediately. Prior to January 1, 2007, ESOP and Company matching 401(k) contributions (but not PAYSOP allocations) were subject to the following graded vesting schedule: 25% after one year of service, 50% after two years of service, and 100% after three years of service. To earn a "year of service," a participant must work 1,000 hours or more in a calendar year. Forfeitures of participant nonvested account balances are applied to reduce the Company's contribution in the following year. Total forfeitures applied as a reduction of the Company's contribution for 2007 and 2006 were \$74,470 and \$103,169, respectively, and unused forfeitures at December 31, 2007 and 2006, were

approximately \$17,104 and \$26,244, respectively.

Participants are allowed to elect to defer up to 100% of their salary into the Plan each pay period pursuant to Section 401(k) of the Internal Revenue Code (IRC), subject to the maximum salary deferral limit for 2007 and 2006 of \$15,500 and \$15,000, respectively. The deferral amounts are also subject to limitations based on Plan provisions and participation deferral percentages. Participant contributions are invested at the discretion of the participant in any of 25 separately managed funds currently offered under the Plan by the Plan's third-party administrator, Merrill Lynch. In 2007 and 2006, the Plan allowed employees age 50 and older by the end of the Plan Year to contribute up to an additional \$5,000 pursuant to IRS "catch-up" regulations.

-7-

VSE Corporation Employee ESOP/401(k) Plan

Notes to Financial Statements (continued)

Dividends received on VSE Stock held in participant accounts and nonparticipant directed investments are allocated pro rata to such participant and nonparticipant accounts.

Distributions

Participants (or their beneficiaries) are eligible to receive Plan benefits on retirement, disability, termination of employment, or death. Benefits are usually distributed in a lump sum. Distributions of Merrill Lynch funds are typically made in cash from liquidation of the participant's account. Distributions of VSE Stock are typically made in shares of VSE Stock. Fractional shares of VSE Stock and distributions fewer than 100 shares are paid in cash.

Participants may also apply, in certain limited situations, to withdraw funds from their 401(k) accounts due to a qualifying financial hardship in accordance with IRS regulations.

Ownership Rights (Vesting)

Participants are 100% vested in their 401(k) salary deferral contributions and any PAYSOP contributions. All contributions to the ESOP, which began in 1987, and the Company 401(k) match, which began in 1999, are subject to a graded vesting schedule as described in the "Contributions" subsection above.

Plan Termination

In the event of plan termination, each participant will be fully vested in amounts held within the Plan for the participant's benefit. The Company expects to continue the Plan indefinitely, but reserves the right to change, modify, or discontinue it in whole or in part at any time, subject to the provisions of ERISA. No such action will divest a participant of the vested rights and benefits provided by contributions allocated to the participant's account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies (contintued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles, requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions.

Investment Contracts

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans ("FSP")," investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The FSP was adopted by the Plan in the current year. As required by the FSP, the prior year statement of net assets available for benefits has been restated to conform to the current year presentation. There was no change to beginning net assets available for benefits as a result of the restatement.

Administrative Expenses

The direct administrative expenses of the Plan for the Plan year ended December 31, 2007 and 2006 of approximately \$67 thousand and \$27 thousand, respectively, were paid by the Company.

3. Investments

Investments

Merrill Lynch offers 14 Core Investment Options and 13 Mutual Fund Window Investment Options. In addition, 5 Goal Manager Portfolio Models are offered through the Plan. Each Goal Manager Portfolio Model is composed of investment options determined by a participant's investment style and risk level.

-9-

VSE Corporation Employee ESOP/401(k) Plan

Notes to Financial Statements (continued)

3. Investments (continued)

Investment of a participant's 401(k) account is directed by the participant among options available under the Plan as described in the "Contributions" subsection above. Investments in VSE Corporation stock are valued at fair market value based on quoted market prices. Investments in mutual funds are valued at quoted market prices. The Plan's interest in the collective trust is based on fair value of the collective trust's underlying investments as based on information reported by the investment advisor using the financial statements of the collective trust at year end. Participant loans are valued at their unpaid balance. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. VSE Stock is purchased in the over-the-counter market or from stockholders. Dividends on VSE Stock are reinvested at fair market value.

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31, 2007	December 31, 2006
	----	----
VSE Stock

Notes to Financial Statements (continued)

5. Participant Loans

Participants may be granted loans from this plan not to exceed the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$1,000. Participant loans bear interest at the prime rate of interest plus 1% determined at the time the loan is requested. Loans are secured by the participant's account, having a maximum term of five years. Loan payments are made through payroll on a pay period basis.

6. Party-in-interest Transactions

Merrill Lynch serves as third party plan administrator as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to Merrill Lynch were \$5,800 for 2007.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated April 25, 2003 stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

8. Employer Securities

Section 407(b) of ERISA permits the Plan to hold an investment in VSE Stock in excess of 10% of the fair market value of the Plan's assets.

9. Diversification

Participants who are age 55 and have 10 years of participation in the Plan are eligible to diversify up to 25% of the VSE Stock held in their PAYSOP and ESOP accounts.

10. Subsequent Event

The Board of Directors of VSE Corporation terminated the ESOP Plan effective January 1, 2008.
