# VSE Reports Financial Results for Second Quarter 2017

Federal Services Group Drives Increases in Revenue and Operating Income

Alexandria, Virginia, July 27, 2017 - VSE Corporation (Nasdaq: VSEC) reported the following unaudited consolidated financial results for the second quarter of 2017.

## **CEO Commentary**

"Revenue contributions from our Federal Services and Supply Chain Management groups have increased our consolidated revenue and operating income as compared to the second quarter of 2016," said Maurice "Mo" Gauthier, VSE CEO. "Our NAVSEA Foreign Military Sales work and our equipment and logistics support for the U.S. Army continue to be the primary drivers behind our revenue and operating income increases. Our Supply Chain Management Group has made progress expanding into new commercial markets, and we are directing resources and management efforts toward these initiatives. Additionally, we have reduced our bank debt and leverage ratio this quarter."

# **Operational Highlights**

- Revenue on our Foreign Military Sales (FMS) Program for the first six months of 2017 increased 72% year over year, primarily resulting from the transfer of two frigates to Taiwan completed in March 2017. Revenue also increased from our equipment sustainment, refurbishment, logistics support, and parts supply services for our U.S. Army clients.
- Our Federal Services Group was awarded a task order under the United States Air Force Contract Field Teams (CFT) Indefinite Delivery/Indefinite Quantity (ID/IQ) contract, supporting the 18th Equipment Maintenance Squadron at Kadena Air Base in Japan. The task order consists of a one year base period of performance with two one-year option periods and a total value of \$22.3 million.
- Our Federal Services Group was awarded a task order to continue providing support services to the U.S. Army Reserve Command (USARC) for its Equipment, Engineering, Maintenance and Logistics Readiness Program. The task order consists of a one-year base period of performance and two one-year option periods, with a total value of \$17.8 million.
- Our Federal Services Group was awarded several delivery orders during the second quarter of 2017 under our FMS support contract with the Naval Sea Systems Command (NAVSEA) International Fleet Support Program Office totaling \$14.9 million.

• Bookings in our Federal Services Group were \$281 million for the first six months of 2017 compared to revenue for this group of \$214 million. Funded contract backlog at June 30, 2017 was \$386 million, compared to \$359 million at March 31, 2017 and \$294 million at June 30, 2016.

## **Financial Information**

Revenues were \$193.9 million in the second quarter of 2017 compared to \$160.5 million in the second quarter of 2016. For the first six months, revenues were \$391.2 million in 2017 compared to \$304.1 million in 2016. These increases were primarily due to increased revenue from our Federal Services Group. Increased revenues from our Supply Chain Management Group also contributed to revenue growth in the second quarter.

Operating income was \$15.0 million for the second quarter of 2017 compared to \$11.9 million in the second quarter of 2016. For the first six months, operating income was \$29.2 million in 2017 compared to \$24.6 million in 2016. The operating income increase was primarily attributable to revenue increases in our Federal Services Group.

Net income was \$7.8 million for the second quarter of 2017, or \$0.72 per diluted share, compared to \$6.0 million, or \$0.55 per diluted share for the second quarter of 2016. Net income was \$15.1 million for the first six months of 2017, or \$1.39 per diluted share, compared to \$12.5 million, or \$1.16 per diluted share for the first six months of 2016.

### Non-GAAP Financial Information

The non-GAAP Financial Information (unaudited) set forth below is not calculated in accordance with U.S. generally accepted accounting principles (GAAP) under SEC Regulation G. These non-GAAP financial measures consist of EBITDA and Adjusted EBITDA. We consider these non-GAAP financial measures as important indicators of performance and useful metrics for management and investors to evaluate our business' ongoing operating performance on a consistent basis across reporting periods. These adjusted financial measures are intended to highlight non-operational, unusual or non-recurring items. They should not, however, be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.

EBITDA represents net income before interest expense, income taxes, amortization of intangible assets and depreciation and other amortization. Adjusted EBITDA represents EBITDA (as defined above) adjusted for changes in earn-out obligations from acquisitions.
