Forward-Looking Statements

This quarterly report on Form 10-Q ("Form 10-Q") contains statements that, to the extent they are not recitations of historical fact, constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All such statements are intended to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of such safe harbor provisions.

"Forward-looking" statements, as such term is defined by the Securities Exchange Commission (the "SEC") in its rules, regulations and releases, represent our expectations or beliefs, including, but not limited to, statements concerning our operations, economic performance, financial condition, the impact of widespread health developments, such as the ongoing COVID-19 outbreak, the health and economic impact thereof and the governmental, commercial, consumer and other responses thereto, growth and acquisition strategies, investments and future operational plans. Without limiting the generality of the foregoing, words such as "may," "will," "expect," "believe," "anticipate," "intend," "forecast," "seek," "plan," "predict," "project," "could," "estimate," "might," "continue," "seeking" or the negative or other variations thereof or comparable terminology are intended to identify forward-looking statements. These statements, by their nature, involve substantial risks and uncertainties, certain of which are beyond our control, and actual results may differ materially depending on a variety of important factors, including, but not limited to, those identified elsewhere in this document, including in Item 1A, Risk Factors, Item 2, Management's Discussion and Analysis of Financial Condition and Results of Operations, and Item 3, Quantitative and Qualitative Disclosures About Market Risk, as well as with respect to the risks described in Item 1A, Risk Factors, to our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 filed with the SEC on March 11, 2022 ("2021 Form 10-K"). All forward-looking statements made herein are qualified by these cautionary statements and risk factors and there can be no assurance that the actual results, events or developments referenced herein will occur or be realized.

Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date hereof. The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that occur or arise after the date hereof.

Table of Contents

(1) Nature of Operations and Basis of Presentation

Nature of Operations

VSE Corporation ("VSE," the "Company," "we," "us," or "our") is a diversified aftermarket products and services company providing repair services, parts distribution, logistics, supply chain management and consulting services for land, sea and air transportation assets to commercial and government markets. Our operations are conducted under three reporting units aligned with our operating segments: (1) Aviation; (2) Fleet; and (3) Federal and Defense.

In February 2021, we completed the issuance and sale of 1,428,600 shares of the Company's common stock, in a public offering at a price of \$35.00 per share. The underwriters exercised their option to purchase an additional 170,497 shares. The transaction closed on February 2, 2021. We received net proceeds of approximately \$52 million after deducting underwriting discounts, commissions and offering related expenses, which were used for general corporate purposes, including financing strategic acquisitions and working capital requirements for new program launches.

Basis of Presentation

Our accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") for interim financial information and in accordance with the instructions to SEC Form 10-Q and Article 10 of SEC Regulation S-X. Therefore, such financial statements do not include all of the information and footnotes required by U.S. GAAP for complete financial statements and should be read in conjunction with the consolidated financial statements and footnotes thereto included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 ("2021 Form 10-K"). In our opinion, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2022 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2022.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates affecting the financial statements include fair value measurements, inventory provisions, collectability of receivables, estimated profitability of long-term contracts, valuation allowances on deferred tax assets, fair value of goodwill and other intangible assets and contingencies.

Recent Accounting Pronouncements

Recently Adopted Accounting Pronouncements

In October 2021, the FASB issued ASU 2021-08, "Business Combinations (Topic 805): Accounting for Contract Assets and Contract Liabilities from Contracts with Customers," which requires contract assets and contract liabilities acquired in a business combination to be recognized and measured by the acquirer on the acquisition date in accordance with ASC 606, "Revenue from Contracts with Customers," as if the acquirer had originated the contracts. The new standard is effective on a prospective basis for fiscal years and interim reporting periods within those fiscal years beginning after December 15, 2022, with early adoption permitted. We elected to early adopt this standard during the first quarter 2022 and will apply the guidance prospectively to business combinations entered into subsequent to adoption.

(2) Acquisitions

Global Parts Group, Inc.

On July 26, 2021, we acquired Global Parts Group, Inc. ("Global Parts") for a preliminary purchase price of \$40 million, net of cash acquired. The purchase price includes \$2 million of contingent consideration, representing the fair value recognized for

Table of Contents

potential future earn-out payments. See Note (8) "Fair Value Measurements," for additional information regarding the earn-out obligation.

During the three and six months ended June 30, 2021, we incurred \$0.2 million of acquisition-related expenses, which are included in selling, general and administrative expenses.

HAECO Special Services, LLC

On March 1, 2021, we acquired HAECO Special Services, LLC ("HSS") from HAECO Airframe Services, LLC, a division of HAECO Americas ("HAECO") for the purchase price of \$14.8 million. HSS operating results are included in our Federal and Defense segment. The acquisition was not material to our consolidated financial statements.

During the six months ended June 30, 2021, we incurred \$0.3 million of acquisition-related expenses, which are included in selling, general and administrative expenses.

(3) Revenue

Disaggregation of Revenues

Our revenues are derived from the delivery of products to our customers and from services performed for commercial customers, various government agencies, the United States Department of Defense ("DoD") or federal civilian agencies.

Revenues by customer for our each of our operating segments for the three and six months ended June 30, 2022 were as follows (in thousands):

Contract Balances

Unbilled receivables (contract assets) represent our right to consideration in exchange for goods or services that we have transferred to the customer prior to us having the right to payment for such goods or services. Contract liabilities are recorded when customers remit contractual cash payments in advance of us satisfying related performance obligations under contractual arrangements, including those with performance obligations to be satisfied over a period of time.

We present our unbilled receivables and contract liabilities on a contract-by-contract basis. If a contract liability exists, it is netted against the unbilled receivables balance for that contract. Unbilled receivables were \$41.3 million as of June 30, 2022 and \$31.9 million as of December 31, 2021. Contract liabilities, which are included in accrued expenses and other current liabilities in our consolidated balance sheets, were \$5.5 million as of June 30, 2022 and \$7.1 million as of December 31, 2021. For the six months ended June 30, 2022 and 2021, we recognized revenue that was previously included in the beginning balance of contract liabilities of \$2.6 million and \$1.7 million, respectively.

Performance Obligations

Our performance obligations are satisfied either at a point in time or over time as work progresses. Revenues from products and services transferred to customers at a point in time accounted for approximately 59% for the three and six months ended June 30, 2022 and 49% of our revenues for the three and six months ended June 30, 2021, primarily related to the sale of vehicle and aircraft parts in our Fleet and Aviation segments. Revenues from products and services transferred to customers over time accounted for approximately 41% for the three and six months ended June 30, 2022 and 51% of our revenues for the three and six months ended June 30, 2021, primarily related to revenues in our Federal and Defense segment and MRO services in our Aviation segment.

As of June 30, 2022, the aggregate amount of transaction prices allocated to unsatisfied or partially unsatisfied performance obligations was \$183 million. The performance obligations expected to be satisfied within one year and greater than one year are 94% and 6%, respectively. We have applied the practical expedient for certain parts sales and MRO services to exclude the amount of remaining performance obligations for (i) contracts with an original expected term of one year or less or (ii) contracts for which we recognize revenue in proportion to the amount we have the right to invoice for services performed.

During the six months ended June 30, 2022 and 2021, revenue recognized from performance obligations satisfied in prior periods was not material.

Table of Contents

(4) Debt

Long-term debt consisted of the following (in thousands):

	June 30,			ecember 31,
		2022		2021
Bank credit facility - term loan	\$	52,675	\$	60,175
Bank credit facility - revolver loans		257,681		226,559
Principal amount of long-term debt		310,356		286,734
Less debt issuance costs		(1,746)		(2,165)
Total long-term debt		308,610		284,569
Less current portion		(14,162)		(14,162)
Long-term debt, less current portion	\$	294,448	\$	270,407

We had letters of credit outstanding \$1.2 million and \$1.0 million as of June 30, 2022 and December 31, 2021, respectively.

We pay interest on the term and revolving loan borrowings at LIBOR plus a base margin or at a base rate (typically the prime rate) plus a base margin. As of June 30, 2022, the LIBOR margin was 2.25% and the base margin was 4.75%. The margins increase or decrease in increments as our Total Funded Debt/EBITDA Ratio increases or decreases. As of June 30, 2022, interest rates on our outstanding debt ranged from 4.62% to 7.00%, and the effective interest rate on our aggregate outstanding debt was 5.06%.

Interest expense incurred on bank loan borrowings and interest rate hedges was \$3.7 million and \$2.4 million for the three months ended June 30, 2022 and 2021, respectively, and \$7.1 million and \$5.1 million for the six months ended June 30, 2022 and 2021, respectively. As of June 30, 2022, there was no hedged portion of our debt as our two remaining hedges expired in February and March of 2022. As of December 31, 2021, the portion of our debt with interest rate swap agreements was \$75 million.

Our required term and revolver loan principal payments after June 30, 2022 are as follows (in thousands):

Year Ending	Term Loan			Revolver Loan	Total		
Remainder of 2022	\$	7,500	\$		\$	7,500	
2023		15,000		_		15,000	
2024		30,175		257,681		287,856	
Total	\$	52,675	\$	257,681	\$	310,356	

We were in compliance with required ratios and other terms and conditions under our loan agreement as of June 30, 2022.

(5) Earnings Per Share

Basic earnings per share ("EPS") is computed by dividing net income by the weighted average number of shares of common stock outstanding during each period. Shares issued during the period are weighted for the portion of the period that they were outstanding. Our calculation of diluted earnings per common share includes the dilutive effects for the assumed vesting of outstanding stock-based awards. For the three and six month ended June 30, 2021, diluted earnings per share did not include an adjustment for the potential dilutive effect of the dilutive securities as the effect would have been anti-dilutive to the Company's net loss. The anti-dilutive common stock equivalents excluded from the diluted per share calculation were not material. Antidilutive common stock equivalents excluded from the diluted earnings per share calculation for the three and six month ended June 30, 2022 were not material.

Table of Contents

The weighted-average number of shares outstanding used to compute basic and diluted EPS were as follows:

	Three months ended Ju	ane 30,	Six months er	nded June 30,
	2022	2021	2022	2021
Basic weighted average common shares outstanding	12,778,355	12,702,366	12,760,026	12,391,166
Effect of dilutive shares	32,723	_	47,223	_
Diluted weighted average common shares outstanding	12,811,078	12,702,366	12,807,249	12,391,166

(6) Commitments and Contingencies

Contingencies

We are involved in various claims and lawsuits arising in the normal conduct of its business, none of which we believe, based on current information, is expected to have a material adverse effect on our financial position, results of operations or cash flows.

Further, from time-to-time, government agencies audit or investigate whether our operations are being conducted in accordance with applicable contractual and regulatory requirements. Government audits or investigations of us, whether relating to government contracts or conducted for other reasons, could result in administrative, civil or criminal liabilities, including repayments, fines or penalties being imposed upon us, or could lead to suspension or debarment from future government contracting. Government investigations often take years to complete and many result in no adverse action against us. We believe, based upon current information, that the outcome of any such government disputes, audits and investigations will not have a material adverse effect on our results of operations, financial condition or cash flows.

(7) Business Segments and Customer Information

Business Segments

Management of our business operations is conducted under three reportable operating segments:

Aviation

Our Aviation segment provides aftermarket repair and distribution services to commercial, business and general aviation, cargo, military and defense, and rotorcraft customers globally. Core services include parts distribution, engine accessory maintenance, MRO services, rotable exchange and supply chain services.

Fleet

Our Fleet segment provides parts, inventory management, e-commerce fulfillment, logistics, supply chain support and other services to support the commercial aftermarket medium- and heavy-duty truck market, the United States Postal Service ("USPS"), and the DoD. Core services include vehicle parts distribution, sourcing, IT solutions, customized fleet logistics, warehousing, kitting, just-in-time supply chain management, alternative product sourcing, and engineering and technical support.

Federal and Defense

Our Federal and Defense segment provides aftermarket MRO and logistics services to improve operational readiness and extend the life cycle of military vehicles, ships and aircraft for the DoD, federal agencies and international defense customers. Core services include procurement; supply chain management; vehicle, maritime and aircraft sustainment services; base operations support; IT services and energy consulting.

Table of Contents

We evaluate segment performance based on consolidated revenues and operating income. Net sales of our business segments exclude inter-segment sales as these activities are eliminated in consolidation. Corporate expenses are primarily selling, general and administrative expenses not allocated to segments. Our segment information is as follows (in thousands):

	Three months ended June 30,					Six months ended June 30,			
		2022		2021		2022		2021	
Revenues:									
Aviation	\$	105,019	\$	47,515	\$	198,309	\$	91,886	
Fleet		64,742		58,057		131,772		112,804	
Federal and Defense		71,952		69,540		142,871		135,403	
Total revenues	\$	241,713	\$	175,112	\$	472,952	\$	340,093	
Operating income (loss):									
Aviation	\$	6,450	\$	(22,272)	\$	14,072	\$	(22,604)	
Fleet		5,366		4,000		11,747		9,741	
Federal and Defense		2,552		6,999		1,864		12,024	
Corporate/unallocated expenses		(217)		(1,441)		(1,618)		(2,272)	
Operating income (loss)	\$	14,151	\$	(12,714)	\$	26,065	\$	(3,111)	

(8) Fair Value Measurements

The following table summarizes the financial assets and liabilities measured at fair value on a recurring basis as of June 30, 2022 and December 31, 2021 and the level they fall within the fair value hierarchy (in thousands):

Amounts Recorded at Fair Value	Financial Statement Classification	Fair Value Hierarchy	Fair Value	e June 30, 2022	Fai	r Value December 31, 2021
Non-COLI assets held in Deferred Supplemental Compensation Plan	Other assets	Level 1	\$	532	\$	598
Interest rate swap agreements	Accrued expenses and other current liabilities	Level 2	\$	_	\$	234
Earn-out obligation - short-term	Accrued expenses and other current liabilities	Level 3	\$	250	\$	1,000
Earn-out obligation - long-term	Other long-term liabilities	Level 3	\$	_	\$	250

Non-Company Owned Life Insurance ("COLI") assets held in our deferred supplemental compensation plan consist of equity funds with fair value based on observable inputs such as quoted prices for identical assets in active markets and changes in fair value are recorded as selling, general and administrative expenses.

We were a party to interest rate swap agreements qualifying as cash flow hedges under which we hedged a portion of our variable-rate debt until the agreements expired in February and March 2022. As of December 31, 2021, the fair value of such swap agreements was \$0.2 million, a liability recorded in accrued expenses and other current liabilities in our consolidated balance sheets. As of December 31, 2021, we had \$0.2 million, net of an income tax effect of \$58 thousand, included in accumulated other comprehensive income in the accompanying balance sheets related to the cash flow hedges. The amounts paid and received on the swap agreements are recorded in interest expense in the period during which the related floating-rate interest is incurred.

Table of Contents

In connection with the acquisition of Global Parts in July 2021, we may be required to pay earn-out obligation payments of up to \$2.0 million should Global Parts meet certain financial targets during the twelve months following the acquisition and meet a certain milestone event on or before March 2023. Changes in the earn-out obligation measured at fair value on a recurring basis using unobservable inputs (Level 3) for the six months ended June 30, 2022 are as follows (in thousands):

	Current portion Long-term portion			Total
Balance as of December 31, 2021	\$ 1,000	\$	250	\$ 1,250
Reclassification from long-term to current	250		(250)	_
Earn-out payments	(1,000)		_	(1,000)
Balance as of June 30, 2022	\$ 250	\$	_	\$ 250

The carrying amounts of cash and cash equivalents, receivables, accounts payable and amounts included in other current assets and accrued expenses and other current liabilities that meet the definition of a financial instrument approximate fair value due to their relatively short maturity. The carrying value of our outstanding debt obligations approximates its fair value. The fair value of long-term debt is calculated using Level 2 inputs based on interest rates available for debt with terms and maturities similar to our existing debt arrangements.

(9) Income Taxes

Income tax expense during interim periods is based on our estimated annual effective income tax rate plus any discrete items that are recorded in the period in which they occur. Our tax rate is affected by discrete items that may occur in any given year but may not be consistent from year to year.

Our effective tax rate was 26.6% and 25.8% for the three and six months ended June 30, 2022, respectively, and 19.6% and 17.6% for the three and six months ended June 30, 2021, respectively. The effective tax rate was higher for the three and six months ended June 30, 2022 compared to the same period of prior year primarily due to book expense in connection with the decline in value of our COLI assets in the period ended June 30, 2022 that was reversed for tax purposes as opposed to book income in the same period in 2021.

(10) Subsequent Events

Subsequent to June 30, 2022, we executed forward-starting fixed interest rate swaps that hedge the variability in interest payments on \$150 million of floating rate debt. The tenor of these swaps begin on October 31, 2022. We have designated, and will account for, these fixed interest rate swaps as cash flow hedges.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Business Overview

We are a diversified aftermarket products and services company providing repair services, parts distribution, logistics, supply chain management and consulting services for land, sea and air transportation assets to government and commercial markets. We provide logistics and distribution services for legacy systems and equipment and professional and technical services to commercial customer and to the government, including federal and civilian agencies and the Department of Defense ("DoD"). Our operations include supply chain management solutions, parts supply and distribution, and maintenance, repair and overhaul ("MRO") services for vehicle fleet, aviation, and other customers. We also provide vehicle and equipment maintenance and refurbishment, logistics, engineering support, energy services, IT and health care IT solutions, and consulting services.

Our operations are conducted within three reportable segments aligned with our operating segments: (1) Aviation; (2) Fleet; and (3) Federal and Defense. We provide more information about each of these reportable segments under Item 1, "Business-History and Organization" of our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 ("2021 Form 10-K").

Recent Acquisitions

See Note (2) "Acquisitions" to our Consolidated Financial Statements included in Item 1 of this filing and our 2021 Form 10-K for additional information regarding our recent acquisitions.

Impact of the COVID-19 Pandemic

Our results of operations for the six months ended June 30, 2022 continued to be impacted by the COVID-19 global pandemic. We have seen continued improvement in our operating results during the six months ended June 30, 2022, which we expect to continue throughout 2022. All of our repair, distribution and base operations facilities remain open and operational, and we continue to deliver products and services to customers without interruption. We continue to closely monitor and address the pandemic and related developments, including the impact to our business, our employees, our customers, and our suppliers.

Business Trends

The following discussion provides a brief description of some of the key business factors impacting our results of operations detailed by segment.

Aviation Segment

The COVID-19 pandemic impacted our Aviation segment operations. We have seen continued improvement in our sequential quarterly revenue results due to the recovery in demand since the peak of the negative COVID-19 pandemic impact during the second quarter of 2020. Our Aviation segment results have benefited in the second quarter of 2022 from strong performance of both our distribution and repair businesses driven by broader recovery in commercial market activity, together with share gains within the business & general aviation ("B&GA") market.

During the quarter, our prior investments in growth initiatives have produced positive results with quarterly revenue of \$105 million, a 121% increase year-over-year. These organic investments have provided sustainable revenue sources with viable growth potential, and the associated investment in increased inventory will be beneficial to our future results. Our acquisition of Global Parts in July 2021 expanded our product lines and client base. As we continue to experience recovery and growth in our operations, we see opportunities to strategically align platform offerings to include additional airframe components with our existing offerings.

Market recovery and our growth initiatives have resulted in a 175% and 29% year-over-year increase in distribution and repair revenue, respectively, during the first six months of 2022 compared to the same period for the prior year.

Fleet Segment

Our Fleet segment continues to increase revenue from commercial fleet customers and e-commerce fulfillment sales. Our commercial client base includes companies in a wide array of businesses that have vehicle fleets required to meet mission critical delivery or service schedules. We continue to execute on our revenue diversification strategy as we capture new customers and increase revenue within e-commerce fulfillment. As a result, commercial customer revenue continues to see a strong growth

trend, increasing approximately 48% and 68% during the quarter and first six months of 2022, respectively, compared to the same periods in the prior year. Commercial revenues were 40.9% of total Fleet segment revenue for the six months ended June 30, 2022 compared to 28.4% for the same period in the prior year, demonstrating the continued success of our strategic multi-year diversification strategy.

Federal and Defense Segment

Our Federal and Defense segment continues to focus on building our contract backlog and optimizing legacy programs. We are encouraged to see revenue growth in our Federal and Defense segment driven by strong revenue performance in Naval Sea Systems Command (NAVSEA) in providing Foreign Military Sales (FMS). Activity on our FMS Program has increased over the past year, including work to transfer a frigate to Bahrain. We expect that our focused business development efforts will drive new revenue additions in subsequent years.

Results of Operations

Consolidated Results of Operations

Our consolidated results of operations are as follows (in thousands):

	Three months ended June 30,						 Six months ended June 30,							
		2022		2021	(Change (\$)	Change (%)	2022		2021	C	hange (\$)	Change (%)	
Revenues	\$	241,713	\$	175,112	\$	66,601	38 %	\$ 472,952	\$	340,093	\$	132,859	39 %	
Costs and operating expenses		227,562		187,826		39,736	21 %	446,887		343,204		103,683	30 %	
Operating income		14,151		(12,714)		26,865	211 %	26,065		(3,111)		29,176	938 %	
Interest expense, net		3,872		2,666		1,206	45 %	7,481		5,696		1,785	31 %	
Income before income taxes		10,279		(15,380)		25,659	167 %	18,584		(8,807)		27,391	311 %	
Provision for income taxes		2,731		(3,014)		5,745	191 %	4,792		(1,552)		6,344	409 %	
Net income	\$	7,548	\$	(12,366)	\$	19,914	161 %	\$ 13,792	\$	(7,255)	\$	21,047	290 %	

Revenues. Revenues increased for the three months ended June 30, 2022 as compared to the same period in the prior year primarily attributable to revenue growth within each of our segments: \$57.5 million within our Aviation segment, \$6.7 million within our Fleet segment, and \$2.4 million within our Federal and Defense segment. See "Segment Operating Results" section below for further discussion of revenues by segment.

Revenues increased for the six months ended June 30, 2022 as compared to the same period in the prior year primarily attributable to revenue growth within each of our segments: \$106.4 million within our Aviation segment, \$19.0 million within our Fleet segment, and \$7.5 million within our Federal and Defense segment. See "Segment Operating Results" section below for further discussion of revenues by segment.

<u>Costs and Operating Expenses.</u> Costs and operating expenses increased for the three and six months ended June 30, 2022 as compared to the same periods in the prior year primarily due to increases in revenue. Our costs and operating expenses for our operating segments increase and decrease in conjunction with the level of business activity and revenues generated by each segment. See "Segment Operating Results" for discussion of cost and operating expenses by segment.

<u>Operating Income</u>. Operating income increased for the three months ended June 30, 2022 as compared to the same period in the prior year attributable to increases of \$28.7 million for our Aviation segment and \$1.4 million for our Fleet segment, partially offset by a decrease of \$4.4 million for our Federal and Defense segment. See "Segment Operating Results" for a discussion of operating income by segment.

Operating income increased for the six months ended June 30, 2022 as compared to the same period in the prior year attributable to increases of \$36.7 million for our Aviation segment and \$2.0 million for our Fleet segment, partially offset by a decrease of \$10.2 million for our Federal and Defense segment. See "Segment Operating Results" for a discussion of operating income by segment.

<u>Interest Expense</u>. Interest expense increased for the three and six months ended June 30, 2022 as compared to the same period in the prior year due to a higher average interest rates on borrowings outstanding and a higher average debt balance.

<u>Provision for Income Taxes.</u> Our effective tax rate was 26.6% and 25.8% for the three and six months ended June 30, 2022, respectively, and 19.6% and 17.6% for the three and six months ended June 30, 2021, respectively. Our tax rate is affected by discrete items that may occur in any given year but may not be consistent from year to year. Permanent differences such as foreign derived intangible income ("FDII") deduction, Section 162(m) limitation, capital gains tax treatment, state income taxes, certain federal and state tax credits and other items caused differences between our statutory U.S. Federal income tax rate and our effective tax rate. The higher effective tax rate for the six months ended June 30, 2022 primarily resulted from book expense in connection with the decline in the value of our Company Owned Life Insurance ("COLI") assets in the period ended June 30 2022 that was reversed for tax purposes as opposed to book income in the same period in 2021.

Segment Operating Results

Aviation Segment Results

The results of operations for our Aviation segment are (in thousands):

		nree months	led June 30,		Six months ended June 30,								
	 2022		2021	С	hange (\$)	Change (%)		2022		2021	C	Change (\$)	Change (%)
Revenues	\$ 105,019	\$	47,515	\$	57,504	121 %	\$	198,309	\$	91,886	\$	106,423	116 %
Costs and operating expenses	98,569		69,787		28,782	41 %		184,237		114,490		69,747	61 %
Operating income (loss)	\$ 6,450	\$	(22,272)	\$	28,722	129 %	\$	14,072	\$	(22,604)	\$	36,676	162 %
Profit (loss) percentage	6.1 %	-	(46.9 %	6)				7.1 %		(24.6 %)		

<u>Revenues</u>. Revenues increased for the three months ended June 30, 2022 as compared to the same period in the prior year primarily due to a \$50.6 million, or 177%, growth in distribution revenue driven by contributions from recently initiated distribution contract wins and contributions from the acquisition of Global Parts, and a \$6.9 million, or 37%, growth in repair revenue driven by improved demand in end markets as a result of market recovery.

Revenues increased for the six months ended June 30, 2022 as compared to the same period in the prior year primarily due to distribution revenue growth of \$95.4 million, or 175%, driven by contributions from recently initiated distribution contract wins and contributions from the acquisition of Global Parts, and repair revenue growth of \$11 million, or 29%, driven by improved demand in end markets as a result of market recovery.

<u>Costs and Operating Expenses.</u> Costs and operating expenses increased for the three months ended June 30, 2022 as compared to the same period in the prior year primarily due to increased revenues and a \$2.3 million non-cash charge to write down accounts receivable and inventory related to Russia and Ukrainian markets during the second quarter of 2022, offset by a \$23.7 million inventory valuation adjustment recognized in the same period in the prior year. Costs and operating expenses for this segment included expenses for amortization of intangible assets associated with acquisitions and allocated corporate costs. Expense for amortization of intangible assets was \$2.3 million for the three months ended June 30, 2022 compared to \$2.1 million for the same period in the prior year. Allocated corporate costs were \$2.8 million for the three months ended June 30, 2022, compared to \$1.8 million for the same period in the prior year.

Costs and operating expenses increased for the six months ended June 30, 2022 as compared to the same period in the prior year primarily due to increased revenues and a \$2.3 million non-cash charge to write down accounts receivable and inventory related to Russia and Ukrainian markets for the six months 2022, offset by a \$23.7 million inventory valuation adjustment recognized in the same period in the prior year. Costs and operating expenses for this segment included expenses for amortization of intangible assets associated with acquisitions and allocated corporate costs. Expense for amortization of intangible assets was \$4.7 million for the six months ended June 30, 2022 compared to \$4.1 million for the same period in the prior year. Allocated corporate costs were \$5.7 million for the six months ended June 30, 2022, compared to \$3.8 million for the same period in the prior year.

<u>Operating income</u>. Operating income increased for the three and six months ended June 30, 2022 as compared to the same period in the prior year largely due to revenue growth driven by higher sales volumes in our distribution contract wins and contributions from the Global Parts acquisition.

Fleet Segment Results

The results of operations for our Fleet segment are (in thousands):

		Three months ended June 30,							Six months ended June 30,								
	'	2022		2021	Ch	ange (\$)	Change (%)		2022		2021	Cl	nange (\$)	Change (%)			
Revenues	\$	64,742	\$	58,057	\$	6,685	12 %	\$	131,772	\$	112,804	\$	18,968	17 %			
Costs and operating expenses		59,376		54,057		5,319	10 %		120,025		103,063		16,962	16 %			
Operating income	\$	5,366	\$	4,000	\$	1,366	34 %	\$	11,747	\$	9,741	\$	2,006	21 %			
Profit percentage		8.3	3 %	(5.9 %				8.9 %	6	8.6 %						

Revenues. Revenues increased for the three months ended June 30, 2022 as compared to the same period in the prior year as a result of increased revenue from sales to commercial customers of \$8.4 million, or 47.5%, driven by growth in our e-commerce fulfillment business, partially offset by decreased revenues of \$3.4 million or 73.0%, from sales to DoD customers.

Revenues increased for the six months ended June 30, 2022 as compared to the same period in the prior year as a result of increased revenue from sales to commercial customers of \$21.8 million, or 68.0%, driven by growth in our e-commerce fulfillment business, partially offset by decreased revenues of \$4.8 million or 61.5%, from sales to DoD customers.

<u>Costs and Operating Expenses</u>. Costs and operating expenses increased for the three months ended June 30, 2022 as compared to the same period in the prior year primarily due to increased revenues. Costs and operating expenses for this segment included expenses for amortization of intangible assets associated with acquisitions and allocated corporate costs. Expense for amortization of intangible assets was \$1.7 million for the three months ended June 30, 2022 and 1.8 million for the same period in the prior year. Expense for allocated corporate costs was \$1.8 million for the three months ended June 30, 2022 and \$2.3 million for the same period in the prior year.

Costs and operating expenses increased for the six months ended June 30, 2022 as compared to the same period in the prior year primarily due to increased revenues. Costs and operating expenses for this segment included expenses for amortization of intangible assets associated with acquisitions and allocated corporate costs. Expense for amortization of intangible assets was \$3.4 million for the six months ended June 30, 2022 and \$3.5 million for the same period in the prior year. Expense for allocated corporate costs was \$3.9 million for the six months ended June 30, 2022 and \$4.6 million for the same period in the prior year.

<u>Operating income</u>. Operating income increased for the three and six months ended June 30, 2022 as compared to the same period in the prior year primarily due to increased commercial customer revenues as described above.

Federal and Defense Segment Results

The results of operations for our Federal and Defense segment are (in thousands):

	Three months ended June 30,							Six months ended June 30,								
	 2022		2021	Ch	ange (\$)	Change (%)		2022		2021	Cł	hange (\$)	Change (%)			
Revenues	\$ 71,952	\$	69,540	\$	2,412	3 %	\$	142,871	\$	135,403	\$	7,468	6 %			
Costs and operating expenses	69,400		62,541		6,859	11 %		141,007		123,379		17,628	14 %			
Operating income	\$ 2,552	\$	6,999	\$	(4,447)	(64)%	\$	1,864	\$	12,024	\$	(10,160)	(84)%			
Profit percentage	3.5	%	10.	.1 %				1.3	%	8.9	%					

<u>Revenues.</u> Revenues increased for the three and six months ended June 30, 2022 as compared to the same period in the prior year due to revenues from our FMS program with the U.S. Navy, partially offset by declines in our U.S. Army work due to program completions.

<u>Costs and Operating Expenses</u>. Costs and operating expenses increased for the three months ended June 30, 2022 as compared to the same period in the prior year primarily due to increases in revenue and contract mix of cost-type contracts.

Table of Contents

Costs and operating expenses increased for the six months ended June 30, 2022 as compared to the same period in the prior year due to increases in revenue, change in contract mix, and a \$3.5 million loss recognized during the first quarter of 2022 on a fixed-price, non-DoD contract with a foreign customer driven by higher than anticipated supply chain material and labor costs.

<u>Operating income</u>. Operating income decreased for the three months ended June 30, 2022 as compared to the same period in the prior year primarily due to the completion of a U.S. Army program and an unfavorable contract mix as cost-type contracts generally provide lower profit margins than fixed-price contracts.

Operating income decreased for the six months ended June 30, 2022 as compared to the same period in the prior year primarily due to the completion of a U.S. Army program, an unfavorable change in contract mix, and the contract loss recognized during the period as described above.

Bookings and Funded Backlog

Our funded backlog represents the estimated remaining value of work to be performed under firm contracts. Bookings for our Aviation and Fleet segments occur at the time of sale. Accordingly, our Aviation and Fleet segments do not generally have funded contract backlog and backlog is not an indicator of their potential future revenues. Revenues for federal government contract work performed by our Federal and Defense segment depend on contract funding ("bookings"), and bookings generally occur when contract funding documentation is received. Funded contract backlog is an indicator of potential future revenue. While bookings and funded contract backlog generally result in revenue, we may occasionally have funded contract backlog that expires or is de-obligated upon contract completion and does not generate revenue.

A summary of our bookings and revenues for our Federal and Defense segment for the six months ended June 30, 2022 and 2021, and funded contract backlog as of June 30, 2022 and 2021 is as follows (in millions):

	:	2022	2021
Bookings	\$	155 \$	170
Revenues	\$	143 \$	135
Funded Contract Backlog	\$	183 \$	224

For the six months ended June 30, 2022, Federal and Defense segment bookings decreased 9% year-over-year to \$155 million, while total funded backlog decreased 18% year-over-year to \$183 million.

Liquidity and Capital Resources

Liquidity

Our internal sources of liquidity are primarily from operating activities, specifically from changes in our level of revenues and associated inventory, accounts receivable and accounts payable, and from profitability. Significant increases or decreases in revenues and inventory, accounts receivable and accounts payable can affect our liquidity. In addition to operating cash flows, other significant factors that affect our overall management of liquidity include capital expenditures; investments in expansion, improvement, and maintenance of our operational and administrative facilities; and investments in the acquisition of businesses.

Our primary source of external financing is from our loan agreement with a bank group that expires in July 2024 and includes a term loan facility and a revolving loan facility, which also provides for letters of credit. The maximum amount of credit available under our loan agreement for revolving loans and letters of credit is \$350 million. Under the loan agreement we may elect to increase the maximum availability of the term loan facility, the revolving loan facility, or a combination of both facilities, subject to customary lender commitment approvals. The aggregate limit of incremental increases is \$100 million. Our bank debt increased approximately \$23.6 million for the six months ended June 30, 2022. As of June 30, 2022, we had term loan borrowings outstanding of \$52.7 million, revolving loan borrowings outstanding of \$257.7 million, and outstanding letters of credit of \$1.2 million. We had approximately \$91 million of unused bank loan commitments as of June 30, 2022.

As of June 30, 2022, we were in compliance with required ratios and other terms and conditions of our loan agreement.

Cash Flows

The following table summarizes our cash flows for the six months ended June 30, 2022 and 2021 (in thousand):

	Six months ended June 30,				
	2022		2021		
Net cash used in operating activities	\$ (20,138)	\$	(53,968)		
Net cash provided by (used in) investing activities	327		(18,791)		
Net cash provided by financing activities	19,664		72,718		
Net decreases in cash and cash equivalents	\$ (147)	\$	(41)		

Cash used in operating activities decreased \$33.8 million for the six months ended June 30, 2022, when compared to the same period of the prior year. The decrease was primarily due to increased accounts receivable as a result of revenue growth and timing of collections, lower use of cash for inventory purchases and timing of vendor payments.

Cash provided by investing activities was \$0.3 million for the six months ended June 30, 2022 compared to cash used in investing activities of \$18.8 million for the same period of the prior year. The change was primarily due to \$14.8 million of cash paid for the acquisition of HSS in the prior year period and a lower level of purchases of property and equipment of \$2.4 million in the current period compared to the prior year period.

Cash provided by financing activities decreased \$53.1 million for the six months ended June 30, 2022, when compared to the same period of the prior year. The decrease was primarily due \$52 million of proceeds received in the prior year period related to our public underwritten offering of our common stock in February 2021 and overall lower proceeds from net borrowings of our debt during the current period.

We paid cash dividends totaling \$2.6 million or \$0.20 per share during the six months ending June 30, 2022. Pursuant to our bank loan agreement, our payment of cash dividends is subject to annual restrictions. We have paid cash dividends each year since 1973.

Other Obligations and Commitments

There have not been any material changes to our other obligations and commitments that were included in our Annual Report on Form 10-K for the year ended December 31, 2021

Inflation and Pricing

There have not been any material changes to this disclosure from those discussed in our most recently filed Annual Report on Form 10-K.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future material effect on our financial condition, changes in financial condition, revenue or expenses, results of operations, liquidity, capital expenditures or capital resources.

Disclosures About Market Risk

Interest Rate Risk

Our bank loan agreement provides available borrowing to us at variable interest rates. Accordingly, future interest rate changes could potentially put us at risk for a material adverse impact on future earnings and cash flows. Previously, we have employed the

Table of Contents

use of interest rate hedges to fix the rate on a portion of our outstanding borrowings. Our interest rate swaps expired in February and March of 2022. As such, as of June 30, 2022, there is no portion of our debt covered under interest rate swaps.

In July of 2022, we executed forward-starting fixed interest rate swaps that hedge the variability in interest payments on \$150 million of floating rate debt. The tenor of these swaps begin on October 31, 2022.

There have been no material changes, other than discussed above, to our market risks from those discussed in our most recently filed Annual Report on Form 10-K.

Critical Accounting Policies, Estimates and Judgments

Our consolidated financial statements are prepared in accordance with United States generally accepted accounting principles ("U.S. GAAP"), which require us to make estimates and assumptions. Certain critical accounting policies affect the more significant accounts, particularly those that involve judgments, estimates and assumptions used in the preparation of our consolidated financial statements, including revenue recognition, inventory valuation, business combinations, goodwill and intangible assets, and income taxes. If any of these estimates, assumptions or judgments prove to be incorrect, our reported results could be materially affected. Actual results may differ significantly from our estimates under different assumptions or conditions. See "Item 7. Management Discussion and Analysis of Financial Condition and Results of Operations" and Note (1) "Nature of Business and Summary of Significant Accounting Policies" in our 2021 Annual Report on Form 10-K for further discussions of our significant accounting policies and estimates. There have been no significant changes in our critical accounting estimates during the six months ended June 30, 2022 from those disclosed in our most recently filed Annual Report on Form 10-K.

Recently Issued Accounting Pronouncements

For a description of recently announced accounting standards, including the expected dates of adoption and estimated effects, if any, on our consolidated financial statements, see Note (1) "Nature of Business and Significant Accounting Policies — Recent Accounting Pronouncements" of the Notes to our Unaudited Consolidated Financial Statements in Item 1 of this report.

Item 3. Quantitative and Qualitative Disclosures About Market Risks

See "Disclosures About Market Risk" in Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management has evaluated, with the participation of our Chief Executive Officer and Chief Financial Officer, the effectiveness of the disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")). Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of June 30, 2022, our disclosure controls and procedures were effective to ensure that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarterly period covered by this report that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. Other Information

Item 1. Legal Proceedings

None.

Item 1A. Risk Factors

There have been no material changes to the previously disclosed risk factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 ("2021 Form 10-K"). The risk factors disclosed in our 2021 Form 10-K should also be considered together with information included in this Quarterly Report on Form 10-Q for the quarter ended June 30, 2022 and under "Forward-Looking Statements" and "Management's Discussion and Analysis of Financial Condition and Results of Operations."

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

We did not purchase any of our equity securities during the period covered by this report.

VSE's loan agreement prohibits VSE from paying cash dividends, except that if there is no event of default, no act, event or condition that would constitute an event of default with the giving of notice or the passage of time, or both, and no covenant breach would occur giving effect to the payment of the dividend, VSE may pay cash dividends that do not exceed \$6 million in the aggregate in any fiscal year.

CERTIFICATION PURSUANT TO RULE 13A-14 OF THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, John A. Cuomo, certify that:

- 1. I have reviewed this report on Form 10-Q of VSE Corporation (the "Registrant");
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this report;
- 4. The Registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Registrant and have:
- (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
- (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
- (c) evaluated the effectiveness of the Registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
- (d) disclosed in this report any change in the Registrant's internal control over financial reporting that occurred during the Registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting; and
- 5. The Registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Registrant's auditors and the audit committee of Registrant's Board of Directors (or persons performing the equivalent function):
- (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Registrant's ability to record, process, summarize and report financial information; and
- (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal control over financial reporting.
